

AFIFA SULTANA

UI/UX DESIGNER

I'm a passionate Computer Science graduate with a keen interest in UI/UX design and development for mobile and web platforms. Skilled in Figma, HTML and CSS, I love creating responsive, user-friendly, and visually appealing interfaces. I thrive in collaborative environments, embrace Agile methodologies, and enjoy working across teams to bring creative ideas to life. Always eager to learn, I stay updated with the latest trends in technology to keep improving my skills.

EXPERIENCE

Web Developer Intern — Civil Aviation Authority

Mar 2024 – Apr 2024 / Intern, Karachi

Designed and developed responsive internal web pages using HTML, CSS, and JavaScript.

Improved UI accessibility and optimized layouts with the IT team.

Collaborated in an Agile environment and participated in daily standups.

Google Ux Design Certificate — Coursera

Oct 2025 – Dec 2025

I completed the Google UX Design Certificate, where I gained hands-on experience in user research, wireframing, prototyping, and usability testing. Through multiple end-to-end projects, I built practical skills in creating user-centered designs and applying industry-standard tools like Figma. This certification strengthened my ability to design intuitive interfaces and approach UX problems with a structured, user-focused process.

PROJECTS

Personal Projects

Schedulink – Class Scheduling App (UI/UX)

Designed a clean, responsive mobile interface in Figma.
